Seat Height: 19" - 22.5" H

Overall Size: 28.5" W x 27" D x 39.5" - 43" H

B580 The Web Chair

- **The Boss Web Chair** is upholstered with a unique "Web" mesh material which allows air to pass through, adding to long-term comfort by preventing body heat and moisture build-up.
- **The "Web" back** distributes weight evenly, and provides the perfect level of support by conforming to each individual's back shape.
- As with any fabric material, the "Web" mesh will stretch and loosen the tension over extended periods of usage. That's why we've invented the patented "**Web Tension Knob**". This knob (located underneath the seat) allows the user to tighten or loosen the tension of the mesh material with a few simple twists. This is a unique feature you will find only on the Boss Web Chair.
- The seat surface and the outer back areas are upholstered with LeatherPlus.
- Pneumatic gas lift seat height adjustment.
- Adjustable tilt tension control.
- Large 27" nylon base for greater stability.
- Hooded double wheel casters.
- Adjustable height armrests.
